

Gift Card Program

Because Karns Cares

Karns Foods is committed to making our communities a better place. We feel very strongly about helping others.

Groups and organizations are always looking for ways to raise money. Karns Foods has an opportunity for your non-profit group or organization to purchase gift cards at a 5% discount. You simply sell them at face value! This is the perfect fund raiser; sell something that everyone can use – food!

The program is simple. After registering for the program, you place an order for the gift cards through our corporate office. You order the denominations that you would like and let us know to which Karns location you would like them delivered. We do appreciate a 48 hour notice.

When you pick up the cards, you will receive a bill (5% discount off the face value of the gift cards). Here's where Karns Foods differs from our competitors - we give your organization 30 days to pay! We know that many groups just do not have the budget to pay for them up front. That's just one more way that we help. Of course, you can also pay for them at the time of pick-up, if you prefer.

The Karns Foods Gift Card Program is one that your group will look forward to. They will be selling something that everyone needs and uses! It will be an easy way to make money and support your non-profit.

I have enclosed an application for you to fill out. Simply mail or fax it back and we will get you started!

Sincerely,

Ruth Karns Rudderow
